

WHEN WE DIG TOGETHER,
WE DIG DEEPER.

Because we're passionate about fresh, responsibly grown food, we dig deeper every day by asking two important questions:

HOW CAN WE MAKE IT EASIER FOR EVERYONE TO ENJOY THE FOOD THAT WE GROW?

HOW CAN WE SHOW WE'RE GRATEFUL TO THOSE WHO TRUST US TO GET THE JOB DONE?

As a geographically diverse farming, distribution and marketing organization, digging deeper is as important today as it was in 1928 when our family farm began in North Dakota. We're grateful for how far we've come while we stand true to our original family values.

We're committed to harnessing the latest science and technology to keep improving, creating better ways to produce fresh and healthy food, as well as to be part of the community and to protect the earth.

YOUR PLATE

We dig deeper to deliver fresh, delicious food.

We reduce food miles where possible and grow products close to you for improved freshness and natural shelf life. We're committed to creating more efficient ways to farm for the food you love, using our resources wisely and protecting the ground.

YOUR COMMUNITY

The communities where we live and work are our backbone. We're dedicated partners to our employees, land partners, vendors and customers.

We support sustainability programs that will make our communities thrive.

We're inspired by healthy, happy and empowered employees who give their all—and then some.

YOUR WORLD

*Being a fourth-generation farm family,
we continue to be committed to sustaining
fertile soils, fresh air and clean waters.*

*By harnessing new-generation technology,
we're constantly evolving. This allows us to make
a bigger contribution to preserving our environment,
and hopefully leaving it a better place.*

WE ARE GRATEFUL

We're a dedicated company that digs into the black earth to grow our gold—the food on your plate. It's more than the quality of every single potato, it's about always digging deeper whether we're producing good food, giving back to the community or protecting our good earth.

DIGGING DEEPER IS MORE THAN
WORDS—IT'S A WAY OF LIFE.

*Thank you for enjoying our good food
and putting your faith in us.*
